\* #40 blades, and other small sizes, (A5 type) can have the bottom comb replaced if the rest of the blade is undamaged and will work with most brands of blades (Andis, Oster, Laube, Wahl, etc.) the sharpening fees still apply. Call for pricing.

**Note: Any clipper blade that has broken teeth and is not repaired will have a label attached to the package indicating it is a hazard to the animal.** #40 combs and some others can be replaced. Top cutters can also be replaced on A5 type blades. Ceramic cutters can be replaced with new ceramic cutter or new steel cutter.

Note: Turnaround time after I receive the blades can be quite long at times. There are times when I may be out of the shop for a period of time). You can call/text (208-680-3351) or email ([sharpener@ida.net](mailto:sharpener@ida.net)) me anytime if you need a turnaround time estimate.

Clipper/Dryer repair may take longer depending on availability of parts.
