PACKING & SHIPPING INSTRUCTIONS

Be sure to complete the form above with all your contact information. Be sure to include your name, return

address, & phone number (best one to contact you).

1. Individually wrap your blades in newspaper or paper towels or ship them in a blade box. The teeth on

blades, as you know, are quite fragile.

2. Ship your scissors in a well-padded scissor case or individually wrap your scissors in newspaper or paper

towels.

3. Wrap clippers in multiple layers of paper, the cord does not need to be included in the wrapping.

4. After everything is individually wrapped, you need to pack it all into a box with sufficient packing material

(packing peanuts or crumpled papers work) to keep anything from moving around in the box. Close the box

up and shake it, if stuff rattles then you need more packing material.

• The post office supplies free priority mailing boxes and are often an excellent way to ship.

• Blades will be returned oiled, individually bagged and heat sealed in plastic bags.

• Scissors will be returned either in the case they came in or in plastic poly bags and wrapped.

• Clippers will be returned in bubble wrap or paper.

• Return shipping will be, in most cases, Priority Mail and you will usually receive your package in

two to three business days.

• The usual turnaround time is less than 10 business days, call or text for a better estimate.

5. If you would like to insure your package please do so. We are not responsible for lost or damaged packages

in transit.
